

## **I Came Across Her Prayer Card**

I am very impressed with Dora. About three weeks ago, I came across her prayer card in a chapel and I said to myself, "If I feel like I'm 'in a hole' for how bad I feel, then what could be better than to pray to Dora 'del Hoyo' (Spanish for 'of the hole')." I even started to use her name as a password, to remind myself to pray to her.

I am very impressed with Dora. About three weeks ago, I came across her prayer card in a chapel and I said to myself, "If I feel like I'm 'in a hole' for how bad I feel, then what could be better than to pray to Dora 'del Hoyo' (Spanish for 'of the hole')." I even started to use her name as a password, to remind myself to pray to her.

A short while ago I went to my sister's house and I saw Dora's prayer card in the kitchen... I asked my sister what Dora was doing there. She told me that for the past month she had been praying to Dora for me... I almost broke into tears, because my sister hadn't told me this before. Through Dora's intercession, I may renegotiate the mortgage on my house.

A little later on, I went to a doctor who seems to have hit upon the treatment that will work for me - as

of a few days later, with his medicines and instructions, I have been able to do things that were previously beyond the capacity of my limited strength. My children are witnessing a change, they say. I ask Dora that this change will also become palpable in my work as soon as possible... indeed, she surely knows how important that is. In that regard, I would like to feel as proud as she did.
